## Name Badges

Available in just about any custom size or shape you desire.

### MATERIAL

Choose from a variety of colors and finishes. Badge materials include 1-ply or 2-ply engraving substrates and premium solid brass.

### EDGE FINISHES AVAILABLE

1. Square Corner with Beveled Edge
2. Radius Corner with Straight Edge
3. Radius Corner with Beveled Edge

### HOT-STAMPED LOGOS & GRAPHICS

Hot stamping is a dry print method using heat and pressure to impregnate colors onto a material substrate (such as plastic). Whether your hot-stamped image is a simple one-color design or a more complex multi-color design, we can provide exceptional quality with our hot-stamped badges. Choose from a large selection of glossy and matte hot-stamp colors, as well as high luster metallic gold and silver.

### DIGITAL PRINTING

Multi-color badges just got a whole lot easier. Photographic quality photos, logos, or illustrations can be digitally printed directly onto any material substrate with amazing quality. Digital printing uses ultra-durable UV-cured inks with resolutions of 2400 x 1200 dpi to produce rich colors with ease.

### ARTWORK

The finished quality of your printed logo is dependent on the quality of the artwork supplied. Artwork charges may be necessary if additional time is required to bring artwork up to acceptable standards.

EPS vector graphics, high-quality photo files (for photographic images) produce the best results. Contact us for more information.

### BADGE HARDWARE

We have a variety of badge fasteners to choose from including: pins, magnets, and clips. Metal fasteners are nickel-plated brass so they will not tarnish or discolor fabrics.
